

1*2 Optical Switch

Features:

1. High responsible Optical switch assure low distortion
2. Smart digital display& control monitoring, auto change
3. Unlocked circuit design, when power off, memory card works, so once power on, will back to previous choice.
4. Aluminum cabinet, great heat-dissipation

Parameters

Items	Unit	Parameters
Wavelength	nm	1200-1600
Insertion Loss	dB	≤1.3
Switch Time	ns	≤5
Return Loss	dB	≥55
Max. Optical Input Level	mW	500
Input Optical Power Range	dBm	-10 ~ +20
Switch Life		Over 1000times
Optical connector		SC/APC or FC/APC
Operating Temperature	°C	-5~ +55
Storage Temperature	°C	-30~ +70
Relative Humidity	%	Max. 95%
Consumption	W	≤2
Supply Voltage	V	AC160V-250V
Dimension	mm	210(L)*150(W)*60(H)
Package		1piece/Box; 10pcs/Ctn
G.W	kg	12.10
